

# Blue Moon Belgian White

Blue Moon Belgian White is a refreshing, medium-bodied, unfiltered Belgian-style wheat ale spiced with fresh coriander and orange peel for a uniquely complex taste and an uncommonly smooth finish. The name "Belgian White" is a reference to the cloudy white, opaque appearance of the beer. "Belgian White" also refers to the style of beer, which has been brewed in Belgium for about 300 years. Blue Moon is traditionally served with a slice of orange to complement the orange peel used in the brewing process. Blue Moon was launched in 1995
